

HUNTER VALLEY WINE COUNTRY - Themed Event Options

elements tailored to suit

WINE HARVEST DINNER

The **Wine Harvest Dinner** highlights all that the Hunter Valley has in abundance - world class wines, fresh and diverse local produce, and entertainment for all occasions. The winery (or venue) is styled with harvest props and decorations to complement the dinner theme.

The menu is focused around Hunter Valley gourmet produce - presented to the table perfectly matched with fine Hunter wines. An entertaining and accomplished Hunter Valley Winemaker offers interactive wine experiences during the evening eg; pre-dinner wine evaluation games, wine option games over dinner or more team based activities such as wine blending.

WINE COUNTRY HO' DOWN

Get down amongst it in Wine Country!

Sassy cowgirls greet guests and hand out bandanas on arrival for a great night of festivities at the **Wine Country Ho' Down**. Bales of hay, wine barrels and chequered table cloths set the country mood, while the foot tappin' sounds of a great country band gets everyone into the swing of things. The cowgirls join in with a raunchy (but tasteful) line dancing performance - encouraging all to join in.

There are whip cracking side shows and (wine) country games of wine spitting, grape stomping and the bucking bull. There's plenty to eat as the Wine Country BBQ is served from a variety of food stations throughout the fair.

MEDIEVAL FEAST

Eat, drink and be merry is the catch cry of the evening!

Medieval fire arrows, combat displays and knights on horseback entertain guests outside on arrival as an introduction to the festive night ahead. A trip back in time begins when guests walk through the doors and are greeted by King Henry and his cast of colourful characters from years gone by. Strolling entertainers sing medieval ballads; colourful jesters joke and interact with guests to ensure the night is full of fun and frivolity ...

Once seated in the Medieval Banquet Hall, guests feast on a banquet served by wenches and are hailed in by the King.

MAD HATTERS GARDEN PARTY

You're all mad!

There's a party in the March Hare's garden - "No room! No room!" You're all mad - if you can tell me the "key" riddle you will be allowed to enter!

This event is specifically designed to take place in the Storybook Garden at Hunter Valley Gardens.

A **riddle hunt** around the gardens leads guests to the **Mad Hatter's Garden Party** - hats are a must!
